7. Vaše konto bolo úspešne vytvorené

8. Tlačidlo - Vlastnosti (Properties)

9. Záložka Servery (Servers), zaškrtnúť políčko - Server vyžaduje overenie
(My server requires authentication)

The screenshot shows a Windows-style dialog box titled "jankomrkvicka@digimail.sk Properties". It has three tabs: "General", "Servers", and "Advanced". The "Servers" tab is selected. On the left side of the tab, there is a small illustration of a yellow computer monitor with a blue base and a blue briefcase next to it. The main area of the dialog is divided into sections:

- Servers Information**: Contains two text boxes. "Incoming mail server:" is set to "mail.digimail.sk" and "Outgoing mail server:" is also set to "mail.digimail.sk". Each text box has a blue question mark icon to its right.
- Incoming Mail Server**: Contains a "Username:" text box with "jankomrkvicka@digimail.sk" and a "Password:" text box with "xxxxxxx". Both have blue question mark icons. Below these is a checked checkbox labeled "Remember password" and an unchecked checkbox labeled "Log on using Secure Password Authentication".
- Outgoing Mail Server**: Contains a checked checkbox labeled "My server requires authentication". To the right of this checkbox is a button labeled "More Settings...".

At the bottom right of the dialog are two buttons: "OK" and "Cancel".
